

Hamza Siddiqui

Java Software Engineer

Personal Info

Phone:-

0311 2032415

Email:-

siddiquehamza182@gmail.com

Nationality:-

Pakistani

Gender:-

Male

Address:-

Karachi

Skills

Java

JavaScript

SpringBoot

Python

Docker

Kubernites

Kafka

NodeJS

BACKEND ENGINEER

Worked in a cloud-based software house, utilizing Openstack, Huawei, and VMware technologies for pooled virtual resources to build and manage cloud infrastructure.

INDIVIDUAL EXPERIENCE

Developed and maintained microservices to enhance system functionality and provide scalable solutions.

Demonstrated expertise in architecting the full software development life cycle, successfully translating complex business requirements into practical software solutions.

Specialized in mathematics and computer science, bringing a strong analytical approach to problem-solving.

Proficient in working with diverse cloud technologies, including Openstack, Huawei, and VMware, to build robust and efficient microservices for cloud computing services

Integrated disaster recovery and billing models to ensure high availability and efficient resource management

Collaborated with a cross-functional team to design and implement features that improved the overall user experience and functionality of the application.

Utilized cloud technologies to build scalable and efficient solutions, ensuring seamless performance and resource management

Troubleshoot and resolved complex technical issues to ensure smooth functioning of the application.

Successfully delivered high-quality code and participated in code reviews to maintain codebase integrity and optimize performance.

Worked on various aspects of the software development life cycle, including requirements gathering, coding, testing, and deployment.

Adapted to evolving technologies and industry trends to continuously improve development processes.

Actively researched and implemented best practices to enhance the application's security and performance.

WORKING EXPERIENCE

Involve (2020-2023):-

Three and a half years of working experience as a Back-End Developer in a cloud based software.

EDUCATION

BS in Computer Science from Preston University Karachi.
2015-2019
